

JASA VENTURES

OFFICIAL DIGITAL LOGO ASSETS

1. STANDARD MOBILE APP ICON (512 X 512 GRID)

Perfectly proportioned for smartphone launch screens and application storefronts. Features an integrated brand wordmark built optimized into a high-contrast container.

2. STACKED CORPORATE IDENTITY

Designed for welcome splash screens, primary company slide presentations, loading windows, and center-aligned document covers.

3. INLINE HEADER LOCKUP (LANDSCAPE)

Optimized for horizontal spaces such as modern web navigation bars, digital email headers, system software title bars, and financial statements.
